OPPORTUNITY KNOCKS: LUXE LIVING
IN IDAHO, TEXAS AND BEYOND

SHOWING LOVE TO TAMARACK

Wimbledon wonder-couple Andre Agassi and Stefanie Graf are putting their real estate foot forward to develop **FAIRMONT TAMARACK** at Tamarack Resort near Donnelly, Idaho.

The resort will be divided into two distinct locations: Belvedere Ridge, which can be found in the village and will house 285 hotel, condo and penthouse units, and Whitewater, situated mid-mountain with 50 private residences.

It's no secret that Idaho is home to incredible skiing, golfing and water-sport opportunities—and the recreational amenities at Fairmont Tamarack don't disappoint. Tamarack packs 2,100 acres

of powdered terrain, and those who prefer green to white can find it during the warmer months at Osprey Meadows, an 18-hole signature championship golf course that first teed off in May 2006. Lake Cascade offers aquatic aficionados nearly 27,000 acres of boating, waterskiing, fishing, kayaking, swimming and wakeboarding potential with 86 miles of shoreline. If you favor your land legs, you can take advantage of 35 miles' worth of warm-weather hiking and biking trails.

Sales for Fairmont Tamarack residences recently began, with construction slated for completion in 2009. Prices start at \$750,000 for condos and reach beyond \$3 million for custom estate homes. **877.826.7377, WWW.FAIRMONTTAMARACK.COM. —M.L.**
