FOR IMMEDIATE RELEASE

Tamarack Resort Announces Mountain and Resort Enhancements

From Ski Runs to Après, New Features Elevate the 2025–2026 Winter Season Experience

TAMARACK, Idaho (November 1, 2025) — Tamarack Resort is entering the 2025-2026 winter season stronger than ever with significant upgrades across the mountain, Village, and guest experience. From new ski runs to enhanced après offerings and major event programming, the resort continues to build upon its reputation as America's only ski, golf, and lake resort.

The improvements reflect one of Tamarack's most ambitious off-season projects to date, focusing on terrain expansion, operational efficiency, guest comfort, and entertainment.

MOUNTAIN IMPROVEMENTS

New Ski Runs South of Bliss

Tamarack has added new runs south of Bliss as part of post-fire recovery efforts. Logging and forest restoration operations focused on removing burned and hazard trees, clearing underbrush, and promoting long-term forest health—all while expanding skiable terrain for guests this winter.

Expanded Green Terrain

The resort's main green run, *Waltz*, has been significantly widened to create more room for progression and learning. Additional mobile snowmaking guns have been relocated to this area to ensure early opening conditions and consistent coverage throughout the season.

Run Mowing for Earlier Openings

For the first time in years, specialized Aebi mowers were brought in to trim vegetation on Tamarack's most popular runs—including *Serenity*, *Showtime*, and *Encore*. This work allows the mountain to open earlier and provides smoother, more manicured surfaces throughout the season.

New Lift Ramps Installed

New loading and unloading ramps have been installed at key chairlifts—including *Discovery Chair*, *Tamarack Express*, and *Summit Express*—to ensure smoother transitions for skiers and riders of all ability levels.

GUEST EXPERIENCE & MOUNTAIN AMENITIES

Mid-Mountain Lodge | Year Two

Entering its second winter, the Mid-Mountain Lodge continues to be the heart of Tamarack's on-mountain experience. Building on the success of last season, guests can expect expanded dining offerings, live music, and enhanced outdoor seating overlooking Lake Cascade.

New DJ Snowcat for Elevated Après

Tamarack is taking après to new heights—literally—with the introduction of a mobile DJ Snowcat, bringing high-energy après experiences to different mountain locations throughout the season.

Expanded Nordic Offerings

Nordic enthusiasts will enjoy expanded cross-country ski rentals, lessons, and programming this winter, solidifying Tamarack as a true all-ability, all-activity destination.

New Sport School Location

Tamarack's Sports School has moved to a new, centralized location, in the Village offering easier access for lessons, rentals, and guest check-in.

Elevation Studio | Fitness & Wellness

A brand-new Elevation Studio will open this winter, offering guests and Club members a range of fitness and wellness classes—from yoga and mobility to guided stretch and recovery sessions.

New Golf Simulator Location

The resort's indoor golf simulator has relocated to the Lodge at Osprey Meadows, providing year-round opportunities for golfers to play, train, and stay connected to the sport even through winter.

RESORT & VILLAGE ENHANCEMENTS

Central Reservation and Lodging Check-In in the Village

Tamarack's new Central Reservations and Lodging Check-In is now located in the Village, consolidating guest services and improving arrival flow. The new hub provides direct access to ski valet, gear check, and concierge support.

Parking & Accessibility Improvements

- **Upper Village Lot and Lower Village Lot expansions** to ease congestion during peak weekends.
- **New Aspen Parking Lot constructed** expanding parking capacity significantly.
 - **New Camping Spots in Aspen** 10 spaces (26' wide x 40' deep), ideal for Class A and C motorhomes, and 4 spaces (12' wide x 25' deep), ideal for Sprinter vans and Class B camper vans.
